Orthodontic Offices in Campbellsville, Elizabethtown, and Glasgow, Kentucky

Inman & Baldwin Orthodontics is looking for a full-time orthodontist to work in this well-established, multi-location practice in Central Kentucky. Drs. Inman and Baldwin are well-known leaders in the industry and consistently implement cutting-edge products and workflow into their practice.

The doctors are looking for an associate who wants to take full advantage of the opportunity to serve patients through skilled, comprehensive care. The right associate will be a motivated orthodontist who is eager to embrace the latest in orthodontic technology and is looking to become established within the growing communities. An associate will be on a pathway to ownership in this highly-profitable practice within 3-5 years.

The three office branches are located in some of the most charming cities in Kentucky. Elizabethtown, the original office location for Inman and Baldwin Orthodontics, is a city experiencing unprecedented growth and investment. Elizabethtown is home to Freeman Lake Park, the Elizabethtown Sports Park (a state-of-the-art youth sports tournament destination), and a picturesque downtown. Campbellsville is the home of Campbellsville University, a private liberal arts college, and Green River Lake, a bustling lake spanning 8,200 acres featuring 250 miles of beautiful shoreline. Glasgow, located between Elizabethtown and Bowling Green, is in the Caves, Lakes & Corvettes region. Convenient to the sites and attractions of the area in and around Mammoth Cave National Park and Barren River Lake, Glasgow has a history and charm all its own.

Don't miss this rare opportunity to work and grow in an established practice alongside two pillars of the orthodontic community!
